Days 1-2: Moremi Game Reserve

Your guide will meet you at 07h30 at a pre-arranged meeting point in Maun. From Maun you will drive through to **Moremi Game Reserve**, one of the best wilderness areas of Botswana which covers swamp and dry areas. The next two days will be spent searching for the wide variety of wildlife and birds that this area is renowned for, while absorbing the sounds and beauty of this region. A **mokoro excursion** will take you along a tributary of the Khwai River to view game from another perspective and to experience this tranquil mode of transport. Game drives in the early morning as the sun rises and in the late afternoon as the sun sets will be the norm.

Camping will be in private designated campsites with ensuite bush ablutions on every tent. (Day 1 - L,D & Day 2 - B,L,D)

Day 1: Maun – Moremi Game Reserve: 150km, 6h (including game drive)
Mokoro excursion: 2,5 h

Days 3-4: Savuti/Zwezwe - Chobe National Park

Chobe National Park, with its diverse and striking landscapes, will be your next destination. As you continue your search for wildlife, you will traverse the drier region of **Savuti** where bull elephants dot the plains. Savuti is very well known for its predators such as lion, leopard, cheetah and even african wild dog. The Savuti Channel has started flowing again after being dry for the last 30 years. The arrival of water is changing the landscape as well as accommodating different species which historically have not been able to survive in the rather arid plains of Savuti. This exciting event has allowed large breeding herds of elephant as well as buffalo to visit the area. Camping will be in private designated campsites with ensuite bush ablutions on every tent. (B,L,D)

Day 3: Moremi – Savuti: 120km. 5-6h

Days 5-6: Chobe River - Chobe National Park

You will then head northwards to the Chobe River where your game drives will meander along the banks of the river, followed by the call of the majestic African Fish Eagle. The **Chobe River Floodplain** is an amazing game viewing area where water attracts large herds of buffalo, elephant, zebra and other herbivores. Due to the proliferation of prey, predators are likely to be close at hand. Sun sets in this region as always spectacular and allow amazing photographic opportunities.

Camping will be in private designated campsites with ensuite bush ablutions on every tent. (B,L,D)

Day 5: Savuti - Chobe River: 170km, 5h

Day 7: Kasane

The safari officially ends at 12h00 on Day 7 at **Kasane** after a cruise on the Chobe River. This experience allows you to get a closer look at the aquatic animals and birds not easily approached on safari. Lunch will be available at your own cost once back in Kasane. If you are staying in one of local Kasane's lodges, your guide will be able to drop you off. Zimba Safaris is happy to arrange any post-tour accommodation, activities and transfers to Livingstone airport or lodges, and Victoria Falls airport or lodges at an additional cost. (B)
